

jaspl::ocl::OpenCLBase

```
classDiagram
    class jaspl_ocl_TaskQueueBase["jaspl::ocl::TaskQueueBase"]
    class jaspl_ocl_OpenCLBase["jaspl::ocl::OpenCLBase"]
    jaspl_ocl_TaskQueueBase --|> jaspl_ocl_OpenCLBase
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'jaspl::ocl::TaskQueueBase'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'jaspl::ocl::OpenCLBase'. This indicates that 'TaskQueueBase' is the base class and 'OpenCLBase' is its derived class.
